Step2 聞こえた方に○をつけよう

I am going to introduce one item (which/who) is important for me. This was the gift (which/who) my mother gave me when I was in elementary school. At that time, I was a shy boy. I could not say anything in front of others in the class. One day, however, I had to speak in front of others. It was a school open day. I was afraid of that day, so I was not able to sleep well the day before. The next morning, I really did not want to go to school. This is the gift (which/who) I received from my mother in the morning with this phrase, "You can do it." Thanks to this gift, I was able to make a speech well. After that, this gift has been important for me.
